DEVELOPING TOMORROW'S
LEADERS TODAY

CREATING GLOBAL CITIZENS THROUGH THE CAMBRIDGE CURRICULUM

Located in Hyderabad's Financial District, Glendale International School - Cambridge is where bright young minds are shaped into young leaders brimming with the right blend of character and competence.

We impart a holistic education that gives students global exposure through the internationally acclaimed Cambridge curriculum supplemented by the Glendale pedagogical framework. Being part of the Global Schools Group, GIS Cambridge offers students a platform to learn, grow, and become impactful citizens of the future.

ABOUT THE CAMBRIDGE CURRICULUM

The Cambridge International Education (CIE), administered by the University of Cambridge, equips students to thrive in a dynamic world. It is a globally recognised curriculum that prepares students for higher education and universities, both in India and abroad.

Our comprehensive Cambridge Pathway, starts from the Early and Primary years, progresses through Lower Secondary, and culminates in the Secondary programme.

Our curriculum supports the development of the Cambridge Learner Attributes to become confident, responsible, reflective, innovative, and engaged learners.

Students become independent learners, cultivating skills such as research, communication, and collaboration that are critical in real-world contexts.

Students are assessed through Cambridge Progression and Checkpoint Assessments which offer globally benchmarked evaluations and valuable insights into student progress.

Flexibility in subject choices allows students to tailor their learning pathways to their individual interests and strengths, while gaining a broad and balanced education.

Our curriculum fosters a global outlook among students that helps them develop a nuanced understanding of global issues, equipping them to thrive in an interconnected world.

VIBRANT & WELL EQUIPPED CAMPUS FOR ALL-ROUND DEVELOPMENT
