DEVELOPING FUTURE LEADERS THROUGH A GLOBALLY RELEVANT EDUCATION

Glendale International School - IB PYP and MYP Candidate School, located in Tellapur, provides students with a vibrant environment to learn, grow, and play.

We believe in a holistic education that goes beyond traditional textbooks and thus, at Glendale, academics and arts share the center stage. Our curriculum, based on the renowned International Baccalaureate (IB), is designed to be engaging, relevant, and challenging. Students delve into a wide range of subjects, fostering the critical 21st century skills they need to thrive.

NURSERY - GRADE 10

WE ARE ALSO AN IB MYP CANDIDATE SCHOOL

ABOUT THE IB CURRICULUM

The International Baccalaureate (IB) Primary Years Programme (PYP) and Middle Years Programme (MYP) provide a globally recognised framework that fosters holistic development, critical thinking, and intercultural understanding. With a strong emphasis on inquiry-based learning, these programs prepare students to become active, compassionate, and lifelong learners who are equipped to navigate an increasingly interconnected and complex world.

In both the PYP and MYP, **student agency** is at the forefront. Through self-directed projects, collaborative learning, and independent research, students are encouraged to take ownership of their learning, developing autonomy and responsibility.

The IB's Global Approach in the PYP and MYP enables students to explore diverse cultures, tackle global challenges, and consider multiple perspectives, fostering a sense of international mindedness and responsibility as global citizens.

Our curriculum incorporates the **IB Approaches to Teaching and Learning (ATL)** Framework that promotes the development of essential skills such as critical thinking, problem-solving, communication, collaboration and organisation.

Our PYP and MYP programme encourage students to reflect on their progress, helping them assess their learning and continuously strive for personal growth.

Transdisciplinary learning is central to our IB curriculum and helps students develop strong conceptual understanding, make meaningful connections across subjects and apply their knowledge to real-world situations.

Our smaller class-size as per the norms of the IB curriculum makes learning more **personalised** and **targeted**.

VIBRANT & WELL EQUIPPED CAMPUS FOR ALL-ROUND DEVELOPMENT

Our campus offers students inspiring spaces, world-class facilities, and expert coaching to support their all-round growth and development
